MEMORANDUM FOR THE RECORD

SUBJECT: Congressional Record Reprint of a Summary Report
on "The Venceremos Brigade" from the Annual
Report of the Senate Internal Security Committee

1. The Congressional Record for 17 April 1975 reprinted the summary report on the Venceremos Brigade which was recently issued by the Internal Security Committee of the Senate in its annual report. The pages of the annual report reprinted are 11 - 17.

2. Senator Stone of Florida was responsible for getting this portion of the Senate Internal Security Committee's study into the Congressional Record, and apparently he introduced it with the comment which referred to the Venceremos activity as a major current security threat through the United States. The excerpt published by the Congressional Record will presumably contain the references in the original summary to "DGI Subservience to KGB Directives."

3. It is my understanding that the Senate Internal Security Committee investigator, Al Tarabochia, now intends to put his findings on the Venceremos Brigade, which will include extensive details on DGI/KGB relations, into the record as his own testimony before the Subcommittee. This will facilitate the issuance of the longer report that he has had in preparation. He has asked for permission to include in this longer report a photo of the Soviet

The Memorandum of Record attached summarizes a telephone call I had from the Senate Subcommittee investigator, Al Tarabochia, this morning (18 April).

This refers to and follows up on

a. Senate Internal Security Subcommittee Annual Report - Exploitable References to DGI Subversience to KGB (26 March 1975).

b. "The Venceremos Brigade" Report by Subcommittee on Internal Security (10 February 1975)
